### Product information

Introducing the A784 Arc Grip 18C Level 1 glove, the pinnacle of protection for professionals working in hazardous environments. Engineered with cutting-edge technology, this glove offers unparalleled defence against arc flash, flame, and cuts, ensuring the safety and well-being of the wearer in high-risk situations. Crafted with precision, the A784 Arc Grip 18C Level 1 glove boasts a formidable combination of features. Its 18 gauge design, coupled with a flame-resistant (FR) dip, provides maximum durability and resilience against both heat and sharp objects. This innovative construction not only enhances protection but also guarantees extra comfort and flexibility, allowing for unrestricted movement and prolonged wear. With an ARC Rating (ATPV) of Level 1, certified to EN 407:2020 standards (4121XX), and meeting EN 388:2016 specifications (3X42C), this glove is a testament to uncompromising quality and performance. Whether facing intense heat, flames, or sharp edges, the Arc Grip 18C Level 2 glove rises to the challenge, safeguarding hands with superior resilience and reliability. Furthermore, its ANSI Cut Level A3 certification underscores its exceptional ability to resist cuts, making it an indispensable tool for tasks requiring precise handling and protection against sharp materials. The A784 Arc Grip 18C Level 1 glove is more than just a piece of safety equipment; it's a testament to advanced engineering and unwavering commitment to safety. Trust in its unmatched capabilities to shield against arc flash, flame, and cuts, empowering you to tackle any challenge with confidence and peace of mind.
